STATEMENT OF COMMITMENT TO CHILD SAFETY AND CHILD SAFETY PRINCIPLES

Pembroke Primary School is committed to the safety and wellbeing of all children and young people. This will be the primary focus of our care and decision-making.

“The school’s approach to creating and maintaining a child safe school environment is guided by our school philosophy and values. At Pembroke Primary School our vision is *‘Pembroke Primary School aims to provide a welcoming, safe and engaging learning environment for all members of the school community. Student learning is at the centre of everything that we do. We work together to identify and support each student as an individual, to recognise and celebrate their unique talents and abilities, and support them to reach their potential as learners. At Pembroke Primary School, we want all of our students to become highly proficient in literacy and numeracy, as well as possess the knowledge, behaviours and dispositions towards learning to be successful in the future.’* We know children can struggle to achieve their personal best if they are not safe from abuse.

The Pembroke Primary School community is guided by our behaviour values of Responsibility, Respect and Trustworthiness.

The school actively seeks to engage with parents and the community to ensure a positive and inclusive school culture in which every student has the opportunity to succeed, feel connected to the school and their peers, and has voice and agency in their learning. The school works collaboratively with students and parents/carers to establish fair and respectful policies and practices, based on the school’s values.

We are focused on promoting wellbeing in our school community to substantially improve social and emotional outcomes for our students, using the School-Wide Positive Behaviour Support (SWPBS) framework approach. This evidence-based framework provides effective ways to create a positive and engaging learning environment, and has research to show its success in promoting positive behaviour, improving school culture, and increasing academic performance.

The school embraces and celebrates its diverse community, and works proactively to ensure all students enjoy equitable access to the school’s curriculum and co-curricular programs.

Our staff uphold the Victorian public sector values of integrity, responsiveness, impartiality, accountability, respect, leadership and a commitment to human rights

Pembroke Primary School has zero tolerance for child abuse.

We are committed to providing a child safe environment where children and young people are safe and feel safe, and their voices are heard about decisions that affect their lives. Our child safe policies, procedures, strategies and practices will be inclusive of the needs of all children, particularly Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable.

Every person involved in Pembroke Primary School has a responsibility to understand the important and specific role they play individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make.

Roles and responsibilities

School leaders will ensure that each person understands their role, responsibilities and behaviour expected in protecting children and young people from abuse and neglect. Staff will comply with the school's Child Safety Code of Conduct, which sets out clearly the difference between appropriate and inappropriate behaviour.

Specific child safety responsibilities:

- The principal is responsible for reviewing and updating the Child Safety Policy every 3 years.
- The principal is responsible for monitoring the school's compliance with the Child Safety Policy. The school community should approach the principal if they have any concerns about the school's compliance with the Child Safety Policy.
- The principal is responsible for informing the school community about this policy, and making it publicly available.

- Other specific roles and responsibilities are named in Pembroke Primary School's other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and risk assessment register.

Recruitment

Pembroke Primary School follows the Department's Recruitment in Schools guide to ensure child safe recruitment practices, available on the [Department's website](#).

All prospective volunteers are required to comply with our school's Volunteers Policy, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, and the safety of children with a disability and vulnerable children.

New employees and volunteers will be inducted into the school, including by being referred to the Child Safety Policy (this document), the Child Safety Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting Policy) and Procedures on the school website. Casual Relief Teachers (CRT) will be provided with hard copies of these policies and procedures. Additionally, CRTs, visitors and volunteers are required to agree to the Child Safe Code of Conduct when signing in. All staff are provided with digital copies of the Staff Information Booklet containing the Child Safe Standards Documents. They will also be supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported by school staff to the Principal or Assistant Principal and will be managed in accordance with Pembroke Primary School's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures [<https://www.pemprim.vic.edu.au/child-safe-standards>] where required.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers (including homestay providers) in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to DHHS Child Protection, Victoria Police and/or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

Pembroke Primary School will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's Child

Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, Pembroke Primary School will provide ongoing support for students affected by child abuse.

Risk reduction and management

Pembroke Primary School believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes, found in the school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Pembroke Primary School monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in the school's risk assessment register.

Listening to, communicating with and empowering children

Pembroke Primary School has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. Students can access information on how to report abuse at the school office.

When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant's account and take them seriously, check understanding and keep the child (and/or their parents/carers, as appropriate) informed about progress.

The school will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children, including:
